This was followed by the opening of the Hong Kong school in 1937. ● Comprehensive courses: Our school carries out small-group class teaching according to student's abilities. 8 elective subjects are available for senior form students while senior form students are encouraged to take applied learning as a part of the senior secondary curriculum. ● Diversified activities: In order to broaden students' horizons, we encourage our students to take part in a great variety of extra-curricular activities and study tours. In addition, we emphasise technology, music, sports, and art development. Chinese Percussion Team, Symphonic Band, Harmonica Team, Volleyball Team , Unmanned Flying Vehicles Team and Drama Club have been awarded in inter-secondary school competitions. ● Caring for students: To cater to students with diverse learning abilities, we are committed to providing an atmosphere of care by promoting caring policies to create well-balanced students. Hence, our school has received the Caring Campus Award from Hong Kong Christian Service for more than a decade. ● Academic Achievement: The school places great emphasis on students' active pursuit of progress, and numerous students have successfully entered bachelor's programs at local and non-local universities. ● Adaptation for Secondary One students: Regarding support for student learning, various learning activities, including school orientation week and after-school tutoring programs have been offered. For families needing financial support, the parent-teacher association gives away clean, second-hand school uniforms to students. A great variety of extra-curricular activities are also provided by our school to release student's potential, including training courses such as music, sports, innovation and technology activities, and uniformed groups.
